

AERO

ROLLER SHADES

- Aero is a revolutionary roller shade suite designed by Rollease Acmeda
- The Aero suite consists of a ground-breaking dual shade cassette with a single chain control, with a chain-free or single shade configuration also available
- The contemporary and compact Aero Dual cassette is 30% smaller in size than existing solutions
- Aero shades feature semi-automatic functionality – auto-rise and manual lowering
- Activate Aero's 'auto-rise' feature with a light pull of the chain or weight bar, feel the tension and simply release
- Chain-free Aero shades offer the ultimate in child safety
